

Fluid Based Cranial Sacral Class II

for alternative health care providers

A Weekend Session Starting July 8, 2006

Join Carolyn O'Brien

Certified Cranial Sacral Practitioner and Educator, Carolyn O'Brien will be leading an advanced class in fluid based cranial sacral work for alternative health care providers.

We will cover techniques including:

Develop a deeper awareness of still points and cranial waves
Learn the components of the hydraulic system within the brain
Study still point techniques for releasing shoulder girdle and related attachments
Discover how to release the lung and diaphragm restrictions
